

ECHS REFERRAL POLICY FOR OUTSTATION PATIENTS

1. Presently all out Stations referral to Delhi have to be routed through Base Hospital Delhi Cantt (BHDC) Polyclinic, which is resulting in undue rush at BHDC Polyclinic and also causing inconvenience to the ECHS beneficiaries.
2. In order to resolve this problem, it has been decided that Lodhi Road Polyclinic will also be made a nodal point where outstation cases of few Stations will be referred. The patients from ECHS Polyclinics of the following states will be now first referred to Lodhi Road Polyclinic for further referral to Service /Empanelled facilities :-
 - (a) Uttar Pradesh
 - (b) Uttarakhand
 - (c) Bihar
 - (d) Orissa
 - (e) West Bengal
 - (f) North Eastern States.
3. The cases for outstation referral from rest states will continue to be routed through BHDC Polyclinic as done hitherto fore.
4. You are requested to disseminate this information to all concerned.
