

**ISSUE OF WHITE ECHS SMART CARD TO WAR
DISABLED/BATTLE CASUALTY VETERANS**

1. In Jun 2010, it was decided that white ECHS Smart Card superscribed 'PRIORITY' will be issued to war disabled/battle casualty/disabled veterans. The new forms for fresh applicants and upgradation have already been circulated for change of cards for war disabled/battle casualty/physically disabled veterans.
2. All three categories ie war disabled/battle casualty/physically disabled veterans cannot stand in queue due to their disabilities. Therefore all concerned are requested to give priority to these veterans for registration, consultation, referrals and issue of medicine.
3. The interse priority between senior citizens and veterans with disability will be decided at polyclinic based on the existing medical conditions.
