PROVISION OF REFERRAL FROM ECHS CELLS AT COMD/ BASE HOSPITALS

1. High end specialities are invariably available at Comd Hosps/Base Hosps where No of ECHS patients report after referral from ECHS Polyclinic/referral from other service hospitals. As per current procedure when the capacity is not available/treatment is beyond the service hospital, patients are referred back to Polyclinic for generation of referrals and in the process, old aged veterans face avoidable difficulties.

2. An attempt is therefore being made to ease out problems of veterans who report to the following hospitals through ECHS cells created for this purpose as under (Manpower given as per Manning Document 19-20):
