**ALLOCATION OF IT FUNDS FOR HW FOR FY 2018-2019**

1. ECHS is moving towards major transformational change with special thrust on 'resource resurgence' in FY 2018-19 so that a realistic and user friendly digital era can set in. It is towards this end that one time effort is required to make IT HW available to all RCs and Polyclinics. While IT scaling is also being worked out and processed with MoD, current arrangement is based on functional justification which is processed through chain of command for approval by Central Organisation which takes considerable time.
2. Each RC will therefore carryout the requirement assessment of its own RC and all Polyclinics dependent on it to include the following:-
  - (a) Adequate No of serviceable computer terminal. Thin clients to be used where possible. One addl computer, scanner and printer for handholding for SMART CARD project and any assistance for veterans.
  - (b) Hardware required for authentication and efficient management of workflow at PCs.
  - (c) LAN / Networking.
  - (d) CCTV (excluding examination / test rooms), Display Boards and Panels.
  - (e) Biometrics attendance equipment.
3. Requirement may please be fwd in the attached format to reach this HQ by 20 Mar 2018 for allocation of funds. 'Nil' will be assumed thereafter.
4. Please also ensure that the serviceability of existing IT HW and accounting is ensured and no equipment is used even on loan to any other establishments.
